

Spy Convention to team up with Second Harvest Food Bank of Mahoning County

Canfield, OH (July 1, 2017) - Asif Khan M.D. and Zafar Sheik M.D., the duo of doctors that make up the local band Spy Convention, have teamed up with the Second Harvest Food Bank of Mahoning County to help provide meals for needy families in the Tri-County area. This coincides with their first full-length CD release, '**TIDAL**.'

Dr. Khan and Dr. Sheik have been in practice for nearly two decades and have served the residents of the Tri-County area for just as long. They both understand the importance of giving back and have recognized the excellent effort conducted by the Second Harvest Food Bank. Dr. Khan states, "When Zafar and I began this project 2 years ago, we never realized that this day would come. We both have families and careers and the time needed to finish such a project was in short supply. We are not only pleased with the results but also with the arrangement we've created with Second Harvest. We will conclude this campaign in September, Hunger Action Month, and we hope to help as many families as we can."

The CD is available at the following online stores: click on link (or press space bar or CTRL and click on link at same time)
